- Constitutional Provisions in Good Governance
- Challenges to Achieve and Implement the Good Governance
- Bibliography

About The Book

Good Governance manages and allocates resources to respond to combined problems of its citizens. Hence states should be assessed on both the quality and the quantity of public goods provided to citizens. The policies that supply public goods are guided by principles such as human rights, democratization and democracy, transparency, participation and decentralized power sharing, sound public administration, accountability, rule of law, effectiveness, equity, and strategic vision.
