IQAC Annual Report-2020-21

Annual Planning

The annual educational planning for the academic year 2020-21 and other activities and programs were planned at the beginning of the academic year i.e. June 2020 on behalf of the Internal Quality Assurance Cell (IQAC) with a five year plan. In the COVID-19 Pandemic situation there was completely locked down from March 2020 to October-November 2020. The remaining Term End Examinations of March-April for the academic year 2019-20 were conducted in October 2020. Therefore, the session which was to begin in June 2020, actually it was started in November 2020. Of course the annual plan prepared in June 2020 was updated in November 2020.

Department-wise planning was prepared by various departments as per the college plan. The Micro Teaching Plan of various subjects and courses was meticulously planned and activities were also planned. The portfolio distribution was made up of various work responsibilities and committees in the college. From December 2020 onwards, according to all these plans, teaching activities and various activities started to be implemented.

Meetings of the IQAC

During the year 05 meetings of IQAC were held to plan the for the overall development of the college, to plan its successful implementation and to evaluate the activities undertaken. The Governing Council is the highest regulatory and managing body in terms of the Organogram of the College and at the college level the 'College Development Committee' (CDC) is the actual executive management. IQAC meetings have been held before, presumably in view of CDC meetings. It is therefore convenient to seek CDC approval as required by the decision of the IQAC meeting. This year's IQAC meeting will review the five-year planning plan, prepare the annual plan, approve the planning plan and budget of the department and various committees, determine the action plan for the implementation of various initiatives, review the program, Appreciate the good work of teachers and staff, suggest improvements where necessary. The decision was taken after discussing the issues of observation, finalization and submission of AQAR of the college. Action was taken accordingly.

Slow and Advanced Learners Identification

Concept level test was conducted for the identification of Slow and Advanced Learners in the year 2020-21 and identified Slow and Advanced Learners. Different activities were conducted for the both the groups by the concerned departments.

Admission campaign

Admission campaign was launched at the beginning of the academic year after all sorts of planning and calendars were created. IQAC planned to visit several nearby junior colleges. The students who passed Class 12 were contacted and given guidance regarding the courses, facilities and career

development available in the college. Forming four to five teams of college professors, almost each team visited five to six junior colleges, a total of 25 junior colleges. Students and parents were enlightened. For this, he got the cooperation of the principal and staff of the junior college. The admission process was completed in November 2020. The actual teaching started from December 2020.

Various workshops & orientation programs Attended by Faculty Members

12 faculty members out of 22 attended various FDPs, Refresher programs, Orientation Programs, Workshops and Short Term Courses. Total 23 programs were attended by the faculty members in the Academic Year 2020-21.

Various workshops & Orientation Programs Organized

Due to the lockdown, teaching and activities were conducted online. From January to February 2021, the lockdown was partially reduced. The actual teaching started in February 2021 but started to lock down again and this condition remained till the end of July 2021, so online teaching, component tests and all the programs had to be taken online. University examinations held in August 2021 were also conducted online. Since online teaching learning is to be followed, various workshops & orientation programs were organized on various meeting applications e.g. Google Meet, Zoom App. and Microsoft

Teams App etc. For this, on 5.12.2020 and 3.3.2021, guidance was given to the entire staff on the use of Google Meet App, Google Classroom and Google Forms in teaching and evaluation.

Online Orientation Program and Principal's Address for the newly enrolled students were organized on 16th December 2020 and information was given about the courses available in the college, certificate courses, Add on Courses, Gandhi Study Center, Library, Department of Drama, Gym and Indoor Stadium, Hostel Facility, Network Resource Center and other available facilities. College rules, discipline and the role of students were explained. Information was given about various activities organized in the college throughout the year. Various workshops and parallel sessions were also conducted for the students who were lagging behind in their studies. Various competitions, presentation programs, seminars, educational trips and visits, internship programs, workshops on syllabus related concepts and related to soft skills etc. were organized for the students. For this, the Department of Political Science, English, Commerce, Economics, Public Administration, Defense Science, Drama took initiative. IQAC monitored all of these events.

Mentorship program

Mentorship program was implemented to provide personal guidance to the students who are lagging behind in studies and need help, to solve their problems and bring them into the mainstream of education. The Mentorship Program is implemented to address students' learning difficulties as well as to help them with their personal questions, problems, help, guidance and direct assistance where necessary.

All students entering college undergraduate and postgraduate classes are divided into available and working teachers. Teachers are given guardianship of these students. Teachers try to solve their problems by staying in touch with the students throughout the year. Individual visits and group meetings of students with whom you have a responsibility are conducted by all teachers at their respective levels. Meetings and visits help students to understand and understand their difficulties. All the teachers have created whats app group of their Mentee students and they are in touch with the respective teachers through this group. Twice a year, at the college level, the principal, vice-principal and IQAC coordinator all meet together at Mentee. Mentor teachers do not attend this meeting. So do Mentee students get help and guidance from Mentor teachers? Are their problems solved? This is reviewed. Student difficulties and problems are learned. The difficulties and problems of the student are taken into consideration. Attempts are also made to address these issues at the principal and deputy principal levels. In some cases, action is taken by giving instructions to the teachers concerned. A meeting is also organized with the representatives of the institution by inviting all the Mentee students. Therefore, this initiative benefits from the guidance and monitoring of GC and CDC representatives. It also evaluates the activities implemented throughout the year.

Academic, Administrative, Gender & Green Audit:

Whether all the teachers' teaching and evaluation work and discharge of their responsibilities as teachers are being carried out properly? Are there any gaps in it? With keeping all these factors in mind, guidance & assistance had have been provided to teachers where necessary. To make available the proper guidance and to give enough support and assistance to the teachers, Academic Audit is conducted every year with the purpose of enhancing its quality. An internal audit is done by forming a committee at the college level. It is analyzed and given the opportunity to improve by giving the necessary instructions to the teachers concerned. An external audit committee is then convened at regular intervals to conduct an academic audit of all the teachers. Teacher-wise assessment reports prepared through external audits.

Teachers are honored for their good performance in academic audit. The academic audit report is analyzed to find out the best performing teachers. Internal audit of the year 2020-21 was done during 25th July to 30th July 2021. In which the performance of 4 teachers remained excellent and they were honored in Staff Academy. Out of the total 22 faculty members 6 were intimated to improve their teaching in terms of completion of the syllabus in time and properly. These Teachers informed in writing that they need to improve their work and document maintenance also.

Various environmental awareness programs and tree planting, anti-pollution campaigns were implemented throughout the year. Also, special efforts were made to create gender equality in all. On the occasion of Mahila Atmabhan Shibir, Savitribai Phule's Birth Aanniversary, Balika Utsav and Lokshahi Jagar were organized from 22nd January to 30th January, through which efforts were made to create gender equality and environmental awareness. Green Audit and Gender Audit were conducted at the end of the year.

The program was presided over by the principal of the college, Dr. P. R. Tharkar. The uniqueness of this practice is that the practice, along with the traditional education, inculcates democratic and constitutional values among the students and citizens. The biggest constraint of this practice is that the present generation is marks or exam oriented. As they are not serious about the democratic and constitutional values, the practice does not get expected participation.

5. Evidence of Success: -

This program has increased the awareness and understanding about the democratic and constitutional values, Gender Equality, the need of bringing deprived classes to the main stream, and the values of freedom struggle among the participants. They urge the effective and consistent implementation of Liberty, Social Justice, and Equality in the society. The students, staff and the citizens apply these values in their day to day life which enables them to maintain harmony on and off the campus. This program motivated other institutions and organizations to conduct such activity on their campus. This activity benefited to over 2000 stakeholders.

6. Problems Encountered and Resources required: -

The beneficiaries of this activity are very limited as this activity is conducted in the short span of time. This activity doesn't get the expected participation from the political parties and leaders. Fund Generation for this activity is the biggest challenge. The resources required for this practice are: The Resource Persons, funds, event management, auditorium, equipment, manpower etc
