## Department of Commerce

### Student Centric Teaching Methods

To make the learning more effective, learner involvement is most important. To develop student autonomy and independence one should give the central role of students in learning experiences. There are two types of teaching methods. Teacher centered and Student Centered Method. Student-centered learning, also known as learner-centered education, broadly encompasses methods of teaching that shift the focus of instruction from the teacher to the student. We use both the methods accordingly. But student centric methods are mostly used by the teachers for increasing curiosity of students and make them to understand the topic effectively. When a classroom operates with student centered instructions, student and teachers share the focus. Instead of the listening to the teacher exclusively, students and teachers interact equally. In teacher centric methods, teachers use lecture method generally.

Self-Study Instruction Module method, debate, group discussion, group activity method, question answer method, zero lecture method, just a minute activity, group activity, field work method, case study method, field trips/visits/study tour method, use of ICT in teaching, workshop and contact sessions as a teaching method, exhibition Method, guest lecture method such student centric methods are used by teachers accordingly to make the teaching learning effective.

#### Objectives

1. To achieve the course and program outcomes.
2. To make teaching learning more effective and interactive.
3. To increase the participation of students in teaching learning process.
4. To increase class attendance.
5. To boost the confidence and courage among students.
6. To develop the ability to cope with new situations.
7. To develop critical and analytical thinking of students.
8. To make them accountable and self responsible towards learning.
9. To develop communication and presentation skills.
10. To inculcate leadership, co-operation and team spirit.
11. To upgrade the understanding level of students.
12. To create curiosity and interest among students.
- 13.

#### Report of the activity

The Department of commerce used student centric methods to make teaching learning interesting and effective. To boost the courage and confidence of students, faculty members of the department conducted Self-Study Instruction Module method, question answer method, zero lecture method and group activity. In addition to this, seminars and group discussions on syllabus related topics and current issues were organized accordingly. Question answer method used in teaching learning to motivate students to open up and express their views confidently. The same confidence became useful to students in their day to day study also.

In teaching interdisciplinary concepts team teaching method became useful to understand the topic through many dimensions. In Team teaching, faculty members from different subjects taught one selected topic with different perspectives which helped students to integrate with other subjects. Zero lecture method gave more exposure to show their depth of knowledge, skills, critical thinking and increased their involvement as this method keeps teacher as facilitator and student as active learner.

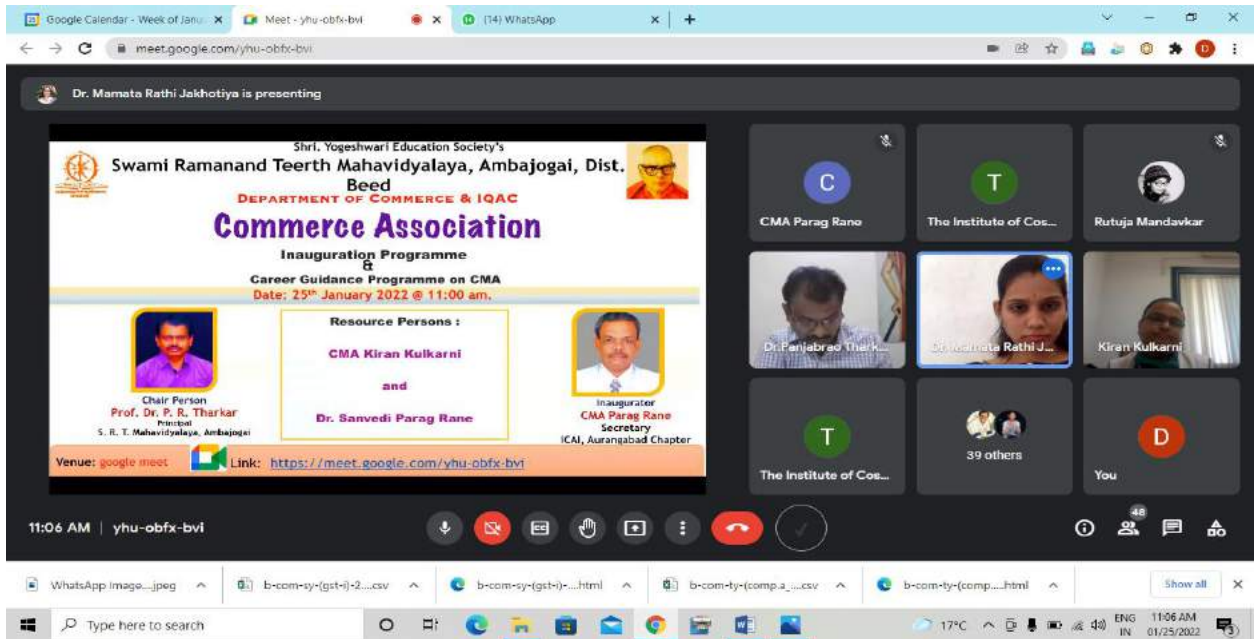

The department of Commerce used ICT enabled teaching methods, workshop and contact sessions as a teaching method, exhibition Method, and guest lecture method (shadow learning method). Teachers used PPTs, Webinars, Websites, You tube and movies to make teaching learning interesting.

As a part of extracurricular activities, newspaper articles, editorials supplements, collection of previous question papers, question bank are maintained in the department for supportive learning. Reference books, journals, magazines, pdf downloaded reading material and notes were provided to students as a study material. Different competitions and tests such as General knowledge test, essay competitions, elocution competition etc. were conducted. Multiple choice questions exams were conducted as surprise tests. Competitive examination guidance (NET/SET and CA Foundation) and career oriented guidance was provided to students.

### **Student Centric Teaching Methods Used 2021-22**

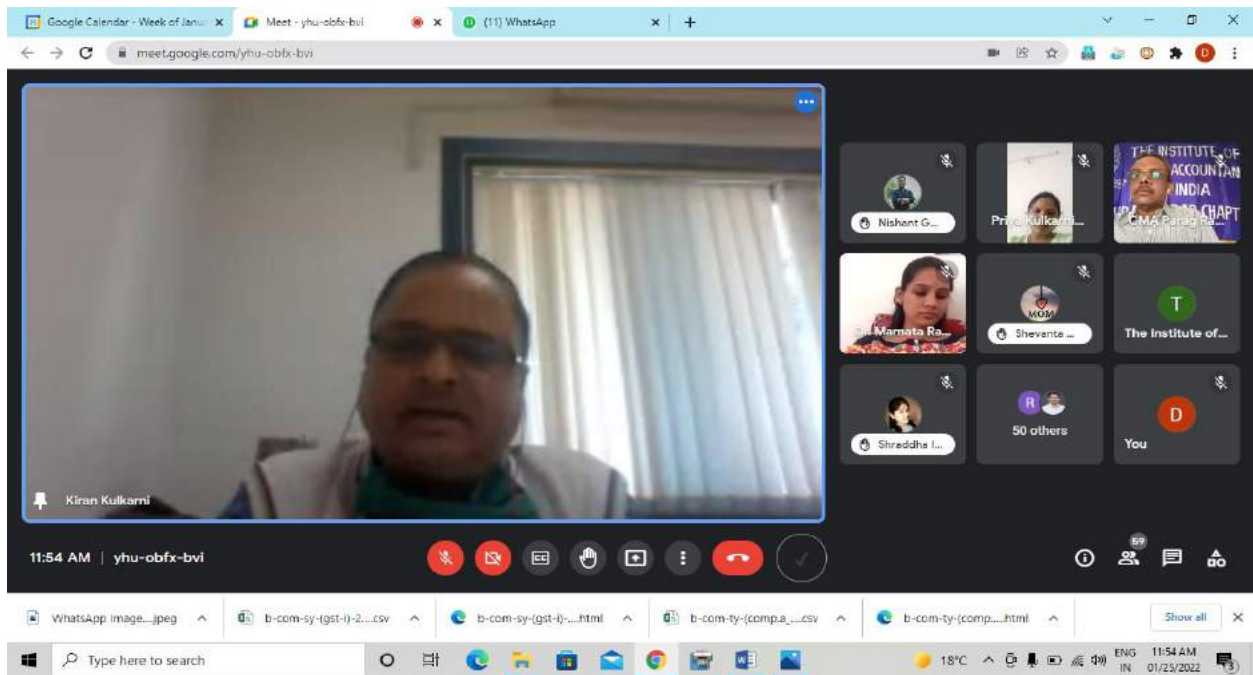

Sr. No.	Methods used	Dates/Duration	Outcomes
1	Inauguration of Commerce Association	25-01-2022	Inauguration of Commerce Association by CMA Parag Rane.
2	Class level Seminars	03-01-2022	Student developed stage courage, analytical thinking and comprehensive understanding.
3	Assignment/Tutorial	07-01-2022	Helped students to understand and write the topic by using different sources.
4	Group discussions	07-01-22	Students opened up and expressed their views confidently. Developed team spirit and co-operation.
5	Group Activity (Wall Paper Publication)	13 & 14-12-2021	Students got exposure and came out with peer instinct. Increased creativity and made students to think out of box.
6	Guest Lecture Series	23 & 24-02-2022	Learnt the topic from different perspectives in guest lectures and got opportunity to listen eminent persons.
7	You tube. Movie Screening	11-02-2022	Helped to understand certain topic effectively.
8	Use of ICT, Webinars	24-02-2022	Increased the involvement and the curiosity. Helped to understand the topic effectively and easily. Habituated to refer different online references.
9	Union Budget Analysis	1 to 3-01-2022	The students understood the Union Budget 2022 very well.
10	Question Bank collection	24-03-2021	Helped to prepare for examination with appropriate framework.
11	Tutorial ,Practical, Assignment, etc.		Helped to practice for examination with conceptual studies.
12	Departmental Library	05-05-2022	Easy access developed reading interest, proven helpful for student's project work.
13	Study Tour/ Visits	26-04-2022	Student got the first hand experience. Helped to enrich their insights and understanding of content.
14	Student and Faculty Exchange Programme	17 to 19-10-2022	To get the opportunity of exploring the knowledge of experts serving outside the college.

15	Workshops : State Level one week Student Development Programme on “Introduction to Stock Market”	20-24 Dec 2021	Students were made aware about the different career opportunities after 12th, graduation and post graduation in the field of commerce.
