Brief Reports about the institutional Strategic/ perspective plan is effectively deployed.

From the very beginning, our Yogeshwari Education Society has been making planned efforts to achieve the goals and objectives. Five to Ten year planning Action Plan or IDP is prepared and various projects are undertaken accordingly. As the institution is committed to the national goals and values of the constitution, the backwardness of Marathwada and the difficulties faced by the majority of the people in this region in joining the main stream of education, the institution has to keep in the forefront of its objectives.

Therefore, various activities and programs are undertaken to inculcate the values of the constitution in the coming generations and to achieve the national educational goals. E.g. In the freedom movement of the country and especially the people of this part i.e. Hyderabad state, Our Pioneer, Governing Council Members and teachers took the initiative to get freedom from the oppressive Nizam rule. Our Yogeshwari Education Society led this freedom movement. Similarly, this provided the young revolutionaries needed for this movement. Many students of this institute and college were directly participating and leading in this movement.

This institution, college, professors have contributed significantly in establishing the Marathwada Janata Vikas Parishad, which is working for the development of this area and further through this organization(MJVP), to guide the development issue of this area and to create awareness in that context. The institution itself organizes various programs of superstition eradication and to inculcate the Scientific Principles, to inculcate scientific attitude in the students and society, sometimes supporting and co-operating with the Anti-superstition Movement. At the same time, the institution has undertaken the important task of providing opportunities for science education and development of experimental skills not only to the students of this college but also to the students of many schools and colleges in the area by building a grand and well-equipped Science Center.

As a part of addressing the educational difficulties of rural students, the institution had set up separate hostels for boys and girls in the 1960s. As it fell into disrepair, the institution decided in its planning to build a separate hostel for male and female students again in these ten years. Mahatma Jyotiba Phule Hostel and Yogeshwari Girls Hostel have been built with the contribution of University Grants Commission, public participation and especially alumni and entrepreneurs, philanthropists of the society. In the same way, the organization has planned and completed the task of building a grand indoor facility with the contribution of alumni, well-wishers and philanthropists of the society.

An annual action plan & Budget is prepared taking in to consideration of IDP (Institutional Development Plan). Matters to be completed in that year are given priority as per the urgency and availability of resources also. The funds available are also considered in determining the annual work plan and budget. Programs are undertaken accordingly. The policy of the college is to raise funds for the completion of long-term projects from stake

holders and from revenue also. At the same time, the wellwishers of the institute and the charitable congregations in the society who love the YES institute & College are appealed. Alumni come forward as a priority and provide financial assistance as per the call of the institute and the college. Therefore, according to IDP, it is possible for the college and Yogeshwari Education Society to undertake various projects. The following are some projects undertaken and completed successfully as the Institutional Development Plan (IDP).

1) Indoor Stadium (2018-19 & 2019-20)

As per the XI Plan of UGC, Indoor Stadium with an estimated budget of Rs. 9600000 / - was sanctioned to the college. For this, Rs.6900000 / - was sanctioned share from UGC but actually Rs.3250000 / - was received by the college from the University Grants Commission. The University Grants Commission (UGC) had extended the deadline to March 2019 due to rising costs and fundraising. Estimated Budget increased up to 13200000/-Rs in between the extended period. In such a situation, the 3250000 / - received from UGC was falling short. The college would have to spend immediately as the remaining subsidy would be deducted after completion of construction.

The college and Yogeshwari Education Society have decided to raise funds by appealing to the stakeholders as the increased Estimated Budget and the share of the total expenses incurred by the college will be borne by the college. The construction of Indoor Stadium of 13200000/-Rs was successfully completed. The Indoor Stadium has 3 Badminton Courts with synthetic flooring and 1 Court with wooden flooring. Parking and security guards facility including VIP Gallery, Table Tennis Hall, Physical Directors Office, Visiting Room for Parents, Changing Rooms & Waiting Rooms for Boys and Changing Rooms & Waiting Rooms for Girls, adequate WC, Bath and Utility facilities were made available. This successfully constructed Indoor Stadium was inaugurated on 13-5-2019 in the presence of National Player and former student of the organization Akshay Raut, his father Mr. Prabhakar Raut and Badminton Punch Mr. Burande. Dr. Suresh Khursale, President of the Society and other GC Members, CDC Members and office bearers were present on the occasion. In the academic year 2019-20 and 2020-21, the indoor stadium is in full swing and Mr. Sachin Pahade, a badminton coach, is currently mentoring here. College students and players from nearby colleges/Schools are taking advantage of this. The college is earning good income every year by deducting the maintenance, salary and minor expenses of the indoor stadium from the admission fee of the student for indoor.

These are the Photos of “External View” of the **Indoor Stadium** which was successfully completed in the academic year 2019-20.

2) Mahatma Jyotiba Phule Boy's Hostel (2020-21)

The hostel has been running in the college since its inception. Swami Ramananda Tirtha College is located at Ambajogai in the center place of Marathwada. Rev. Swami Ramanand Teertha and his colleagues started the college at that time to provide higher education to the rural students in the backward areas like Marathwada. At that time, higher education was available only in places like Hyderabad, Mumbai, and Madras. In 1950, Dr. Ambedkar started Milind College at Aurangabad and Rev. Swami Ramananda Teertha started People's College at Nanded. After that Swamiji started senior college of Yogeshwari Education Society in 1956 in rural areas like Ambajogai. From that, in 1970, two colleges were started by separating science and arts and commerce branches. Mahatma Phule Hostel was set up in 1967 to accommodate students from rural areas. The organization also set up other hostels, especially for girls. However, since Mahatma Phule Hostel provides accommodation and meals to the students at very low and affordable cost from the very beginning, students from the deprived, Dalit, backward and economically weaker sections come here for education. Many poor students learned and grew up by living in this hostel. Not only in the state of Maharashtra, but also all over the country and abroad, the students of this hostel are making a name for themselves and the college by working in various capacities in various fields. The college and Yogeshwari Education Society decided to construct a new building in 2018-19 as the building of this hostel was constructed in 1967 is coming to be demolished. The project of the construction of this new building for this hostel was also incorporated in the five year Institutional Development Plan (IDP) of the college. Our institute completed the construction of the hostel by raising funds for the priority project. Many alumni, directors of the institute, office bearers, teachers of the college and staff members also have taken the initiative and contributed financially and a building of about 4 crore Rupees has been

successfully completed. Due to the COVID 19 pandemic some difficulties and barriers interrupted the construction work but the GC Members, Chairman of Y.E.S. and the college completed the construction with utmost perseverance. This hostel is an excellent example of a project that is included in the Institutional Development Plan and successfully completed. Today, the dormitory is completed with a magnificent three-story building of **84** rooms with a capacity of about **250** students. The construction of the hostel has been completed in the year **2020-21** and the hostel has been inaugurated in November **2021** by famous thinker Dr. Hari Narke and Prof. Dr. Raosaheb Kasbe from Maharashtra. At present this hostel is providing excellent accommodation and meals to many needy students from rural areas at very reasonable/ affordable rates.

New Building of Mahatma Jyotiba Phule Boys Hostel inaugurated by Dr. Hari Narke and Prof. Dr. Raosaheb Kasbe. (Famous Thinkers form Maharashtra) Dr. Suresh Khursale Chairman of YES and other dignitaries presented over there in the function.

3.) Construction of Science Center: (2021-22)

The institute decided to set up a well-equipped and grand science center to develop scientific attitude in the students and to develop the skills of doing science experiments in them. The construction of this science center was taken up four years ago. The construction is nearing completion in the present year 2021-22 and will soon be operational. Realizing the lack of well-equipped laboratories in nearby school and colleges in rural areas, the institute decided to set up this center keeping such students in front. The following various facilities and rooms have been set up, are being set up in this Science Centre.

1. A planetarium has been set up where the sky viewing will be done from a scientific perspective so that the students can understand various celestial phenomena, solar and lunar planets.
2. A science museum with various instruments and toys based on the fundamentals of science
3. A library is being developed which includes scientific reference books, scientific magazines, biographies of scientists e.
4. A 3D auditorium where students can have a wonderful experience through 3D movies.
5. Laboratories for various subjects like Physics, Chemistry, Botany, Zoology, Mathematics are being developed.
6. A science park is being set up so that students can understand the basic principles of science through various games and enjoy the game.

The foundation stone laying ceremony of the present science center was completed by the then Chief Minister of Maharashtra Hon'ble Namdar Shri Ashok Chavan in 2010-11. The government had agreed to provide funds at that time, but the government did not receive funds for this science centre. The institute has set up the present center by collecting funds from the society and alumni. So it took some delay. The project which was supposed to be built in five years took more than ten years. But the college and the institute have always resolved to raise funds for it keeping their IDP in front and we are happy that finally the science center is now nearing completion.

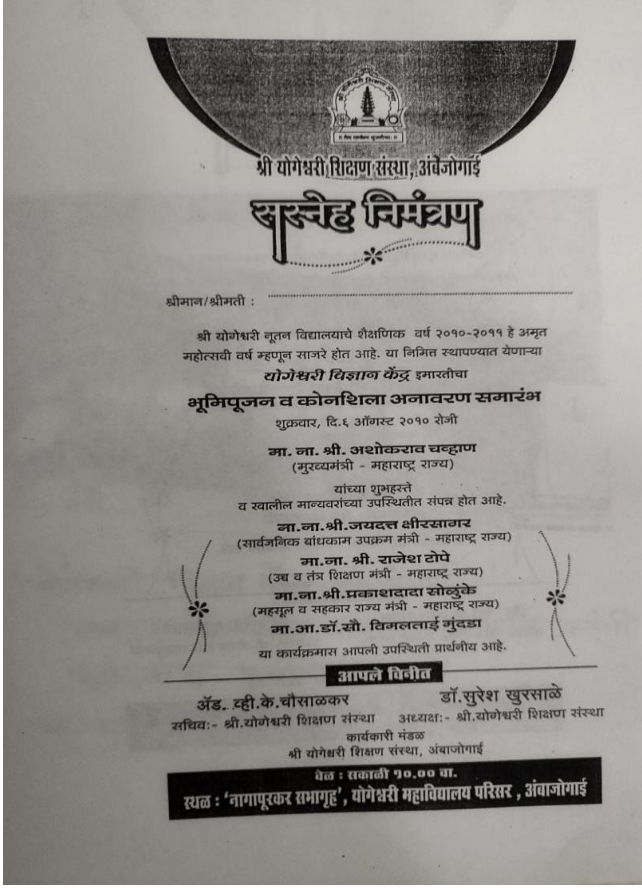

Sr. Scientist and former Chairman of the Atomic Energy Commission of India and the former Secretary to the Government of India, former Director of the Bhabha Atomic Research Centre, Trombay, visited the Proposed Site of Science Center. Chairman of YES, Dr. Suresh Khursale, Secretary of YES, Principal of the College and other office bearers of the YES are there in visit.

Sr. Scientist and Chairman of Marathi Vidnayan Parishad Solapur (Maharashtra) visited the Proposed Site of Science Center. Secretary of YES, Principal of the College and other office bearers of the YES are there in visit.

The foundation stone laying ceremony of the present “**Science Center**” was completed by the then Chief Minister of Maharashtra Hon'ble Namdar Shri Ashok Chavan in 2010-11.

4) A Museum of Hyderabad Freedom Struggle and Rev. Swami Ramanand Teerth” (2022-23)

To preserve the legacy of our freedom struggle and the memory of those who gave us freedom, institute has been decided to setup Big Memorial Hall i.e. “A Museum of Hyderabad Freedom Struggle and Rev. Swami Ramanand Teerth”

The foundation laying ceremony for the construction of the present memorial site was recently celebrated on 12 February 2023 in the presence of alumni and members and office bearers of Governing Council of the institute, eminent citizens of the town and former principals, teachers, students and staff. Former Principal Prof. Ranganath Tiwari, President of Yogeshwari Education Society Dr. Suresh Khursale, Ex-student Mr. Paul Guruji, Principal Harish Deshpande, Rt. Prof. P.S. Joshi and many dignitaries attended the event.

पारकरी मातोश्री गणेश, निवृत्त प्राध्यापक होणार तिपारी, पी. एस. कुलकर्णी, पी. डी. भंडारी, डॉ. जयन शिंदे, पी. डी. कुर्बे, प्रा. डॉ. गणेश शिंदे व योगेश्वर कुटुंबीय उपस्थित होते.

राहणीमानास अनुसूचन स्मृतिस्थळ

स्वामी रामानंद तीर्थ यांच्या स्मृतिस्थळ उभारले जाणार आहे. याही बांधकाम दगडी असेल. स्वामीजींचे राहणीमानास अनुसूचन स्मृतिस्थळ असेल. अशी माहिती डॉ. शैलेश वैद्य, आर्किटेक्ट आकाश करंडा यांनी दिली.

आंबाजोगाई येथे योगेश्वरी शिक्षण संस्थेच्या परिसरात स्मृतिस्थळाचा भूमिपूजन सोहळा

एकाच छताखाली इतिहासाची संदर्भित सर्व ग्रंथ, आठवणींचे साहित्य

अंबाजोगाईत लोकसहभागतातून मुक्तिसंग्राम, स्वामीजींचे स्मृतिस्थळ

लोकसत्ता प्रतिनिधी

औरंगाबाद : अंबाजोगाई येथे हिंदूधर्मात मुक्तिसंग्रामासह या लढ्याचे प्रणेते स्वामी रामानंद तीर्थ यांच्या स्मृतिस्थळाची उभारणी लोकसहभागतातून करण्यात येत आहे. रचना मुक्तिसंग्रामाचे अमृत महोत्सवी वर्ष सुरू असून त्यानिमित्ताने लढ्याचा संपूर्ण इतिहास, आठवणी मान्य वीरता, असे संदर्भ ग्रंथांचे साहित्य, छायाचित्रे एकाच छताखाली पाचारणा किडणार आहेत. स्मृतिस्थळासाठी ३० लाख रुपयांचा प्रांभूषण आराखडा तयार करण्यात आला आहे.

अंबाजोगाई येथील योगेश्वरी शिक्षण संस्थेच्या परिसरात ७० बाय ६० फूटांच्या जागेत हे स्मृतिस्थळ उभारण्यात येणार आहे. अंबाजोगाईत १९१० साली लोकमान्य टिळकांच्या धोरणानुसार सराठी शिक्षणाची शाळा सुरू करण्यात आली. त्याकाळी निजाम मराठी शाळांना परधानी देत नसे. स्वामी रामानंद तीर्थ यांचे मुळाव्यापक म्हणून आले आणि पुढे मराठावाङ्मानील प्रांभूषण पाणत पहिले महाविद्यालयी अंबाजोगाई

येथे सुरू झाले. या पदातीने निजामाच्या राजवटीचा विरोध वाढत जाऊन हिंदूधर्मात मुक्तिसंग्रामाचा लढा तंत्र होत गेला. या लढ्यातील संघर्षात सर्वच इतिहास, आठवणी, छायाचित्र, संदर्भग्रंथ, साहित्य स्मृतिस्थळात असावत आहे, असे योगेश्वरी शिक्षण संस्थेचे अध्यक्ष डॉ. सुरेश खुरसाळे यांनी सांगितले.
